

SPORTS SIMULATOR FOR INDOOR TRAINING WITH 90 SPORTS BY 2026, OFFERING UNMATCHED REALISM AND GLOBAL DIVERSITY.

By 2026, Sports Simulator is poised to redefine indoor sports practice with the inclusion of over 90 playable sports, solidifying its position as the premier platform for athletes, coaches, and enthusiasts. This significant expansion, which will introduce more than 30 new sports, has been carefully curated through consultations with various sports federations to ensure that each sport delivers a realistic and immersive experience. Among the new additions are Crazy Golf, Camogie, Boccia, and Petanque, all of which are in advanced stages of development, reflecting the platform's dedication to authenticity and precision. Sports Simulator's innovative approach uses real equipment and objects, combined with state-of-the-art full-room detection technology, to replicate the true dynamics of each sport. This expansion will not only bring a diverse array of global sports, such as 100-Ball Cricket from England, Air Badminton from India, and Axe Throwing from Canada, but will also adapt existing game challenges for other sports, like Foot Pool and Play Pong, enhancing the versatility of the platform. Currently, Sports Simulator offers over 60+ sports, 1,800+ game challenges, and 3,500+ venues, already surpassing all competitors put together. The planned addition of 2,150+ game challenges and 4,200+ sporting venues will further cement its status as the world's most comprehensive sports simulation system. Whether you're a coach looking to extend your training season, an athlete aiming to perfect your skills, or a sports enthusiast eager to explore new activities, Sports Simulator's unparalleled technology and extensive offerings make it the ultimate choice for a lifelike and engaging experience. The future of sports practice is here, as well as very exciting entertainment. Click to [View the Sports Simulator Blog](#).
