

MAXIMISE THE BENEFIT OF THE WORLD'S MOST POPULAR SPORTING EVENT, PLAYABLE ON THE FOOTBALL SIMULATOR

All Entertainment, Commercial and Leisure facilities should seek to gain maximum financial benefit from the 2022 World Cup. As the Qatar Football Venues are playable with over 70 Game Challenges, benefiting the public, the sponsors and anyone associated with the entertainment industry. Every sponsor type has had specific game challenges created, so all partners can fully engage with the 4 billion football fans, from around the globe. Already the 2026 World Cup has been catered for with all the United States Soccer Venues, being created and playable upon the Sports Simulator. Businesses that gain the maximum benefit are family entertainment centres, hotels, sports bars, holiday parks, hire agencies, leisure centres, sports clubs, theme parks and also being custom made for residential homes. Football is one of 60+ sports being played, alongside 1,500+ game challenges and 3,000+ sporting venues from around the world. Recently one of the free of charge regular upgrades has been multi-play, inspired by ten pin bowling which has the most fully engaging scoring system, for up to 6 players simultaneously. Sports Simulator has made multi-play available in bowling and the majority of the other sports played including football. Game commencement is very quick with the number of players chosen, player names, sporting venue, each player having 2 attempts on 10 separate game challenges, these challenges can be pre-selected or randomised. Ensuring regular gameplay with sports fans, perfect for facilities that wish to run popular leagues, maximising their profits. A perfect alternative to match play and contest play.
