

**MAJOR LEAGUE SIMULATOR: FANS CAN NOW IMMERSE IN OVER 30
ICONIC AMERICAN SOCCER STADIUMS ON THE SPORTS SIMULATOR**

For soccer fans, the experience has reached new heights with the Major League Simulator, allowing enthusiasts to compete in 36 meticulously recreated American stadiums, including iconic venues in Miami, Los Angeles, Orlando, New York, St Louis, and San Diego. Whether you're a seasoned player or just a fan, this cutting-edge Sports Simulator offers a unique opportunity to immerse yourself in the thrill of soccer like never before, simulating real-life gameplay with advanced camera technology that brings the excitement of professional challenges to your training facility, family entertainment center, or local sports facility. Beyond entertainment, the simulator serves as a powerful training resource for professional players and coaches, featuring 69 football game challenges, with another 32 in development, and detailed shot data analysis to enhance performance. Additionally, this is the ultimate marketing tool for all team sponsors. Custom game challenges can be developed for top brands, showcasing products or services in an engaging, interactive format that captivates fans and players alike. The simulator provides a dynamic way to engage with the sport, offering endless possibilities to compete with friends or testing your skills. The Major League Simulator revolutionises how soccer is experienced, delivering the excitement of the sport with unparalleled realism, making it a must-have for any serious football enthusiast looking to take their love for the game to the next level.
