

UHD SPORTS SIMULATOR INTEGRATED WITH 4K CINEMA & 4K GAMING FOR INCREDIBLE FAMILY ENTERTAINMENT

Singapore Residence required their own traditional Games Room to be transformed into the Ultimate Games Room. Enabling the whole family to play a huge selection of different sports, ranging from Football, Rugby, Tennis, Gridiron, Ice Hockey, Golf, Basketball, Baseball, Field Hockey, Foot Golf, Netball, Cricket, Disc Golf and many other sports. Birthday parties have already taken place, which have impressed all the guests no end. The family demanded a technology that would be continually updated with new sports, new challenges and having the ability to play all the world's top stadiums and arenas. Having done lots of research the family discovered that there is only one Simulator manufacture, that can offer all this and a lot more. The Sports Simulator offers 500 game challenges: so that they are continually entertained and can compete with all their friends, in lots of competitions like match play and contest play. By the end of 2020 there is likely to be 40+ Sports, 700+ challenges and 1800+ Sporting Venues playable, therefore meeting their free upgrading requirements. This ensures the whole family uses the Ultimate Games Room continually, the 4K UHD projector provides unmatched definition for online movies and online gaming.
