

JAPAN HOSTS TWO OF SPORTS BIGGEST TOURNAMENTS THE 2020 RESCHEDULED GAMES & THE 2019 RUGBY WORLD CUP

Twelve Japanese stadiums were used to host the successful Rugby World Cup, which featured 45 exciting matches during the autumn of 2019. Most of these stadiums will be reused for the Tokyo Games in 2021, The Japan National Stadium hosts the opening and the closing ceremonies, as well as the athletics. This brand new stadium is scheduled to be the home for the Japanese national football and national rugby teams. Sports Simulator has 35 of the most popular medal-winning events playable, so competitors are able to train prior to their event inside the same stadiums and arenas. Sports such as archery, badminton, baseball, basketball, discus, field hockey, football, handball, rugby sevens, shot put, softball, tennis, volleyball and twenty20 being another likely sport in 2024. The tournament organiser is easily able to offer many advertising options inside the sports simulator, to their own official sponsors. The public can compete in exciting indoor and outdoor networked contests from around the world, with over 568 game challenges playable. The future is already available with Paris 2024 Games and Los Angeles 2028 Games stadium and arena venues having been recreated, ensuring future coaching is pleasurable.
