

# S SPORTS SIMULATOR SPORTING ENVIRONMENTS

DESIGNED TO ENABLE GAMING CHALLENGES TO BE PLAYED INSIDE FAMOUS CITY, LANDSCAPED AND SCENIC VENUES!

Sports Simulator Clients have requested that the boundaries of sports entertainment are pushed even further, not just playing amazingly accurate Game Challenges like Target Zone, inside realistic Famous Sporting Venues. Top Sports like Archery are now playable within very realistic Landscaped Venues, such as Desert, Forest and Range. Incredible venues are already scheduled such as Island, Mountain, Artic, Moon, Jungle, Tropical, Iceberg, Mars and Volcano. Sporting Environments are developed within the highest graphical detail, featuring animated clouds, birds, animals, trees, plants, grasses, water and objects, inside realistic scenery. Famous City Environments already planned include New York, London, Paris, Dubai, Doha, Beijing, Singapore, Tokyo, Berlin, Las Vegas, Sydney, Riyadh and many more daytime or nighttime city's. Scenic Venues will be custom designed for Sports Simulator clients, to maximise marketing impact and entertainment value. We are only limited by our imagination, by having the world's most Accurate Sporting Technology, 40+ Sports, 525+ Game Challenges, the future is very exciting for all Sports Simulator customers, as the Sporting Environments are Free of Charge Upgrades.
